

Texas FFA Association

**SPEAKING DEVELOPMENT EVENTS
HANDBOOK**

Revised 9.14.21

SPEAKING DEVELOPMENT EVENTS

State Convention

Registration

All registration will be on-line www.judgingcard.com in advance of the event date. Entry fees are \$50.00 paid via www.judgingcard.com. All alternate speakers at each area level should be submitted with no registration fee.

1. Teachers must complete the online registration no later than 11:59 pm, June 1. **Materials must be uploaded individually in PDF format onto the registration website www.judgingcard.com at the time of registration.** Registration submission will not be complete unless all required materials have been uploaded. Required Materials Include:
 1. Manuscript (including cover sheet)
 2. Abstract
 3. Complete references
 4. Statement of originality
 5. SWCB consultation affidavit form (for Soil Stewardship only)

Late or incomplete registration/entries will incur a \$50 late fee from June 2-June 15 at midnight. If all requirements are not met by the June 15th deadline, the student will be disqualified. If needed, alternates will be notified as soon as possible.

Eligibility

1. Eligibility of participating contestants is based on the following criteria:
 - a. Contestants must be members of the FFA and listed on the state roster of a chartered chapter in current good standing.
 - b. Contestants must have been enrolled in an agriculture, food and natural resources class during the current school year. An AFNR course is any class meeting the criteria of the Texas FFA Association's membership eligibility standards.
 - c. The individual, not the chapter, qualifies in the Speaking Development Events; therefore, should an individual not be able to compete, for any reason, in one of Speaking Development Events for which they qualify, the next highest placing individual from the same area shall qualify. (The chapter of the individual who is unable to compete may not name a replacement from their own chapter.)
 - d. Contest winners are ineligible to compete in the same event again. This does not apply to division winners in senior prepared public speaking.
2. A chapter may have one contestant per event in the junior prepared, soil and water stewardship and extemporaneous speaking development events and one contestant per division in the senior prepared event.
3. The contestants may participate in more than one speaking event at the state contest. Students must use a different speech for multiple events as well as multiple categories. Should a contestant win more than one national qualifying event, pursuant to National FFA Organization policy, the state association will certify the contestant for national competition in the event of the contestant's choice.
4. Each area is entitled to send two state qualifiers in junior prepared, soil and water stewardship and extemporaneous and one qualifier per division plus an alternate in senior prepared. Substitutions: Should a state qualifier become ineligible to participate, the third-place area contestant shall be certified to participate in the state event. Substitute participants shall not be penalized for late entry provided that complete entry is made within seven (7) days of notification of participation eligibility.

Required Documents Document Guidelines

1. Uploaded documents should be submitted separately according to the following:
 - a. Submitted only in PDF Format;
 - b. Documents should adhere to the following guidelines;
 - i. 1" margins on all sides;
 - ii. 12-point Times New Roman font;
 - iii. Follow APA style manual (latest edition) for developing and citing references * Using APA format will ensure running headers (including student name, chapter, and speech title) are noted on all documents that are submitted.
 1. Cover Page (Name, Chapter, Category, Event Date)
 2. Abstract (1-page double spaced page or less)
 3. References
 - iv. https://owl.purdue.edu/owl/research_and_citation/apa_style/apa_formatting_and_style_guide/general_format.html
 - c. National Qualifier will be required to have a manuscript in APA for the National Speaking competition at the National Convention.
2. Any contestant that does not cite references or commits plagiarism will be disqualified from the contest. (See Statement of Originality for clarification).

State Event Procedures

1. All contestants must be in official FFA dress according to Texas FFA which may include black dress boots, in each event with the exception of Agricultural Skills Demonstration events (the FFA bowtie is NOT acceptable official dress). Complete Official Dress Guidelines can be found at www.texasffa.org → About → Official Dress. Hair accessories and jewelry are acceptable. Visible socks must be black. Students not in full compliance of official dress standards shall be notified before entering the event room and given the opportunity to correct the deficiency as long as such remedial action does not disrupt the event schedule. Members who fail to comply will not be allowed to compete. No penalties will be assessed and no corrections will take action after the contest begins. The superintendent has the final authority to make a decision on enforcing/not enforcing this rule in extenuating circumstances. No penalties will be assessed if students are required to wear personal protective equipment (i.e. face masks, face shield, gloves, etc.).
2. The semi-final and final rounds shall be held on days, times, location, and format determined by the executive director or his/her designee. Contestants with potential scheduling conflicts shall make arrangements with the contest superintendent prior to the start of the contest.
3. A contestant and coaches' orientation meeting will be held prior to the scheduled event. Contestants and their advisors in the extemporaneous speaking event must attend a mandatory orientation in advance of the scheduled event.
4. At the designated start time of in person events, in person contestants will be sequestered in a holding room until the appropriate time for entering the preparation room. Leaving the holding room will require an official escort. **No guest may enter the holding room or preparation room after the events have started.** Electronic devices shall not be permitted in the holding or preparation rooms. This excludes devices allowed in the extemporaneous speaking rules. If remote contestants are permitted, they will be required to follow procedures determined by the executive director or his/her designee.
5. For all in person speaking development events, each contestant must make the presentation without a microphone. Contestants shall not be penalized for moving about or using (or not using) a podium.
6. Virtual contestants (when permitted) should join the meeting from their own individual device that will remain stationary during the presentation, and video should be displayed in landscape mode. There should be no penalties assessed to contestants for the use of a cellular phone and headphones during this event.
7. When possible, in person events will be open to the public. Any FFA member, parent, or guest may enter the room at any time between speeches. However, once they have entered the room, they must remain in the room until the next break between speeches. Videoing or recording of events at any time is NOT permitted.
8. Due to time constraints, judges handshakes will not be permitted at the state level speaking events.
9. Semi-final heats will follow a pre-established speaking order. Contestants advancing to the finals in

Extemporaneous, Jr. Prepared, and Soil Stewardship speaking will be assigned times following the order of participation in the preliminaries, alternating between heat one and heat two. Contestants advancing to the finals in Sr. Prepared will follow the posted rotation within these rules. Contestants with conflicts may request a trade of performance times with another team with the approval of the general superintendent. Advisors are under no obligation to trade performance times with another chapter. The top five teams from each heat will advance to the finals. Teams advancing to the finals will be assigned times following the order of participation in the preliminaries, alternating between heat one and heat two.

10. Rules of the National FFA Organization's Speaking CDEs will be followed as they apply.
11. There shall be a minimum of 3 and a maximum of 5 judges for each event at the state level.
12. For the preliminary rounds, judges should receive all manuscripts no less than one business day prior to the event. For the finals, manuscripts will be shared at the conclusion of the announcement of preliminary results.
13. Online, electronic rubrics will be used and each judge's raw score will be converted to rankings. Placings will be determined by rank, without dropping high and low ranks.
14. TIE BREAKER: The first tiebreaker will be based on the contestant with the higher total raw score. If a tie still exists, these will be broken based on the contestant who scores higher on the question portion of the rubric, and if a tie still exists, the Oral Communications score will be used to determine placement.

Awards

1. All state qualifying speakers will receive a plaque during the Speaking Development Awards Ceremony following the preliminary events.
2. All Speaking Event finalists will be announced during the Speaking Development Event Awards Ceremony. Finalists will be posted to the Texas FFA website at the conclusion of the SDE Awards Ceremony.
3. The top 12 participants from each Sr. Prepared Division will receive a banner during the SDE Awards Ceremony following the preliminary events.
4. The top 12 overall Sr. Prepared Finalists will be recognized during the SDE Recognition Ceremony on the convention stage. At this time, the Sr. Prepared Champion and Sr. Prepared Runner Up will receive a banner.
5. The top 10 individuals from the Jr. Prepared, Extemporaneous, and Soil Stewardship events will receive banners on the convention stage during the SDE Speaking Recognition Ceremony.

Texas FFA Association Inclement Weather Policy

Inclement Weather

For state events, the state executive director shall work proactively with providers to assess potential weather and road hazards which could create travel risks for students and teachers. Should inclement weather pose a potential travel risk for groups from any part of the state, the executive director shall consult the state executive board and appropriate experts (such as but not limited to National Weather Service forecasters) to assess potential hazards and consider options for amending event start times or participation schedules to facilitate safer travels, event postponement or cancellation. The Texas FFA Association shall make student safety the top priority in all such decisions.

If possible, the executive director or his or her designee shall notify teachers via e-mail and/or the emergency text messaging system of any impending event decisions regarding inclement weather.

District and area associations are to work with their respective executive committees in assessing weather-related travel risks. The state executive director shall work with area event coordinators in adjusting state entry and material submission deadlines for area events postponed due to inclement weather.

Lightning Safety

Lightning may be the most frequently encountered severe storm hazard endangering physically active people each year. Millions of lightning flashes strike the ground annually in the United States, causing nearly 100 deaths and 400 injuries. Three quarters of all lightning casualties occur between May and September, and nearly four fifths occur between 10:00 am and 7:00 pm, which coincides with the hours for most career development events held in field conditions.

Providers should postpone or suspend activity if a thunderstorm appears imminent before or during an activity or contest (irrespective of whether lightning is seen or thunder heard) until the hazard has passed. Signs of imminent thunderstorm activity are darkening clouds, high winds, and thunder or lightning activity. Student safety must be the first priority. If the provider deems it necessary to collect and hold scan sheets, students must be moved to a safe location before such collections are conducted.

Recommendations for Lightning Safety

1. Establish a chain of command that identifies who is to make the call to remove individuals from the field.
2. Name a designated weather watcher (A person who actively looks for the signs of threatening weather and notifies the chain of command if severe weather becomes dangerous). Lightening meters are recommended but not required. Most athletic departments own these meters.
3. Have a means of monitoring local weather forecasts and warnings.
4. Designate a safe shelter for each venue that can accommodate the anticipated number of contestants. See examples below.
5. Use the Flash-to-Bang count to determine when to go to safety. By the time the flash-to-bang count approaches thirty seconds all individuals should be already inside a safe structure. See method of determining Flash-to-Bang count below.
6. Once activities have been suspended, wait at least thirty minutes following the last sound of thunder or lightning flash prior to resuming an activity or returning outdoors.
7. Avoid being the highest point in an open field, in contact with, or proximity to the highest point, as well as being on the open water. Do not take shelter under or near trees, flagpoles, or light poles.
8. Assume that lightning safe position (crouched on the ground weight on the balls of the feet, feet together, head lowered, and ears covered) for individuals who feel their hair stand on end, skin tingle, or hear "crackling" noises. Do not lie flat on the ground.
9. Observe the following basic first aid procedures in managing victims of a lightning strike:
 - Activate local EMS
 - Lightning victims do not "carry a charge" and are safe to touch.
 - If necessary, move the victim with care to a safer location.
 - Evaluate airway, breathing, and circulation, and begin CPR if necessary.
 - Evaluate and treat for hypothermia, shock, fractures, and/or burns.
10. All individuals have the right to leave a career development event site in order to seek a safe structure if the person feels in danger of impending lightning activity, without fear of repercussions or penalty from anyone.

Definitions

Safe Shelter:

1. A safe location is any substantial, frequently inhabited building. The building should have four solid walls (not a dug out), electrical and telephone wiring, as well as plumbing, all of which aid in grounding a structure.
2. The secondary choice for a safer location from the lightning hazard is a fully enclosed vehicle, including a school bus, with a metal roof and the windows completely closed. It is important to not touch any part of the metal framework of the vehicle while inside it during ongoing thunderstorms.
3. It is not safe to shower, bathe, or talk on landline phones while inside of a safe shelter during thunderstorms (cell phones are considered safe).

Flash-to-Bang:

To use the flash-to-bang method, begin counting when sighting a lightning flash. Counting is stopped when the associated bang (thunder) is heard. Divide this count by five to determine the distance to the lightning flash (in miles). For example, a flash-to-bang count of thirty seconds equates to a distance of six miles. Lightning has struck from as far away as 10 miles from the storm center.

CONFLICT RESOLUTION

1. Appeals concerning district and area standings for recognition and awards shall be resolved by officials at the corresponding levels of competition.
2. The state SDE process is a tournament concept that begins at the district level and culminates at the state event. Unresolved district-level disputes concerning qualification for area competition may be appealed to the respective area executive committee only after the district committee has heard and ruled on the matter in question. Teachers may request a state level review of any such ruling. The state executive committee shall overturn only those decisions that are ruled to be arbitrary or in conflict with state policy.
3. Appeals of area-level decisions concerning state qualification or state event decisions must be filed in writing with the Texas FFA Association executive director no later than 5:00 p.m. on the working day following the decision under appeal. All appeals shall be considered by the executive board.
4. Persons whose judgment may be influenced by a vested interest or a pre-existing relationship that may impair their ability to be fair and impartial must excuse themselves from all deliberations concerning appeals.
5. Subjective qualitative judgments inherent in evaluating event performances may not be appealed.

EXTEMPORANEOUS SPEAKING

State Convention

The purpose of this event is to develop the ability of all FFA members to express themselves on a given subject without having to prepare or rehearse its content in advance.

1. The first competitor will have their reference material screened ten minutes prior to reporting to the holding room.
2. The first selection of topics shall be held thirty minutes before the event. The contestant will draw three specific topics relating to the industry of agriculture and will select one. After the first contestant selects a topic, all three topics will be returned to the original group of topic areas. The next contestant will then draw three topics and then select a topic. This process continues for each contestant. Each contestant shall have 30 minutes of preparation time prior to their performance.
3. Twelve topics shall be prepared by the superintendent of the event and will include three each from the following categories: (a) agriscience and technology, (b) agri-marketing, and international agricultural relations, (c) food and fiber systems and (d) urban agriculture. They will be typed on cards. There shall be twelve different topics for the preliminary and final heats prepared by the superintendent.
4. When not preparing or performing, contestants will remain sequestered in a holding area until after they perform. Contestants will participate according to the rotation established by state rules. The first contestant will be admitted to the preparation room 30 minutes prior to the event and subsequent contestants at 15-minute intervals.
5. All reference material must be provided for screening by officials 30 minutes prior to the start of the contest and will be held until the last speaker has spoken. Contestants may choose to use either print (a-b) or electronic sources (c-h) and may not use both. All material, whether print or electronic, will be screened by the officials in charge of the event on the following basis:
 - a. Allowed printed material may include books or magazines (cannot be notes or speeches prepared by the students or notes prepared by another person for use for this event.) Materials from industry or academic websites may be used. Authorship of the printed internet material may be subject to verification by the superintendent. URL, copyright, or official website header.
 - b. Shall be limited to five items. To be counted as one item, a notebook or folder of collected items containing NO more than 100 pages (page size should not exceed a typical page of books and manuscripts which is 8 ½" x 11" and should be one-sided only); books, newspapers, and magazines are acceptable under the discretion of the Extemporaneous Speaking Superintendent. All five items may consist of separate notebooks. A typed table of contents or tabs may be utilized but shall be counted as a part of the 100-page limit.
 - c. Electronic files shall be limited to those contained on a maximum 4GB USB flash drive, subject to inspection. All files must be saved in PDF format with URL content shown. There shall be no modification to sources. Each document shall be a single, complete source in and of itself. Indexing is allowed. Other formats such as Word, WordPad etc. will result in automatic disqualification. Contestants cannot use computers to prepare speeches. They can use computers to search and read files stored on flash drive but cannot write or organize thoughts on computers.
 - d. Students shall not access audio, video, or other multimedia files during the contest. Devices must be muted in the preparation room during the contest. Contestants shall not play games or engage in other distracting activities on their electronic devices. Officials may ask a contestant to power off the device if it becomes distracting.
 - e. All computer connectivity to outside sources and wireless capability shall be disabled. For example: no Internet, no instant messaging (IM), no outside servers, no cell phone tethers, etc.
 - f. Wired connections (Ethernet or phone) during the contest are not permitted. Tablets and iPads are acceptable but must have a USB port for flash drive use.
 - g. Computers shall be turned on with files open for inspection by contest officials at any time. No other applications shall be viewable. Contestants must present content at the request of officials.
 - h. Contestants electing to use computers are responsible for providing their own computers and batteries, and cords. Contestants who choose to use laptop computers accept the risk of equipment failure. Should equipment failure occur, no special considerations or accommodations, including additional preparation time or speech time will be given. Contestants accept full responsibility for the

- safety and security of their electronic retrieval devices throughout the entirety of the contest.
- i. Cell phones, smart phones, and gaming devices are not allowed during the contest
6. Each speech shall be the result of the contestant's own effort using approved reference material which the contestant may bring to the preparation room. No other assistance may be provided. The event superintendent shall provide all note cards used by contestants if contestants choose to use notecards, 3x5 and 4x6 note cards will be provided by the event superintendent for contestants to use. Any notes for speaking must be made during the 30-minute preparation period.
 7. Each speech shall be no less than four (4) nor more than six (6) minutes with five (5) minutes additional time allowed for related questions, which shall be asked by the judges. A 30-second warning shall be provided via a timecard from the timekeeper or a judge for contestants in the Extemporaneous Speaking Development Event. Such a warning shall be provided when the contestant has 30 seconds remaining before going beyond the six-minute time allotment. Contestants will be penalized one point per second on each judge's score sheet for being over six minutes or under four minutes. Time commences when the contestant begins speaking. Contestants may use a wristwatch only to keep record of time.
 8. Rules of the National FFA Organization's extemporaneous speaking career development event will be followed as they apply.

PREPARED PUBLIC SPEAKING

Senior Division

State Convention

1. Each speech shall be no less than six (6) nor more than eight (8) minutes with five (5) minutes additional time allowed for related questions, which shall be asked by the judges. Contestants will be penalized one (1) point per second on each judge's score sheet for being more than eight (8) minutes or less than six (6) minutes. Time commences when the contestant begins speaking. Contestants may use a wristwatch only to keep record of time.
2. Each category for the Senior Prepared Public Speaking Contest will advance the top 2 speakers, resulting in 12 finalists.
3. The following description for each speech division is provided to the participants as a suggested guideline for that division and in no way meant to be all inclusive. It is the responsibility of the participant to select subject matter appropriate and acceptable to the judges. Obviously, all subject matter should have ties to the agricultural industry.

Designated FFA Prepared Public Speaking Divisions:

- a. **Animal Science**: Participants may choose any current or future subject that deals with any aspect of the industries of dairy, equine, poultry, sheep, swine, beef, specialty animals, embryo transfer, etc.
- b. **Plant Science**: Participants may choose any current or future subject that deals with any aspect of horticulture and/or agronomy industries. This may include such areas as floriculture, fruit and or/vegetable production, nursery operations, turf and landscape management, crop production, specialty crop production, etc.
- c. **Natural Resources**: Participants may choose any current or future subject that deals with topics such as soil, water, air, rural water, wildlife, forestry, aquaculture, conservation, recreation, recycling, energy, environmental issues, etc.
- d. **Agribusiness**: Participants may choose any current or future subject that deals with topics such as cooperatives, sales, service, entrepreneurship, marketing, finance, commodities, futures, hedging, advertising, online marketing program, etc.
- e. **Agricultural Policy**: Participants may choose any current or future subject that deals with topics such as domestic farm issues, international trade, rural economic development, politics, animal rights, law, subsidies, price supports, etc.
- f. **Agriculture Technology and Communications**: Participants may choose any current or future subject that deals with topics such as biotechnology, biogenetics, bioengineering, mechanical engineering, farm safety, use of technology, research, laser, satellites, computers, journalism, communications, social media, public relations, etc.

Members may participate in more than one division if different speeches are given in each division. A different speech is defined as follows: "All speech material in each manuscript must be entirely different, including the introduction, body, and conclusion, which also includes all facts, figures, quotes, titles, etc."

SOIL STEWARDSHIP PUBLIC SPEAKING

State Convention

1. FFA members must write a speech relating to soil stewardship. Concepts or topics for contestants must be in accordance with the theme selected by the Texas Association of Soil and Water Conservation Districts for the corresponding year. The title of the speech may be different than the established theme as long as the content of the speech appropriately addresses the theme. The outline for speech development, as provided by the Association of Texas Soil and Water Conservation Districts, is for guidance only. Addressing all elements contained in the outline is not required.
2. Each speech shall be no less than six (6) nor more than eight (8) minutes with five (5) minutes additional time allowed for related questions, which shall be asked by the judges. Contestants will be penalized one point per second on each judge's score sheet for being more than eight (8) minutes or less than six (6) minutes. Time commences when the contestant begins speaking. Contestants may use a wristwatch only to keep record of time.
3. To be eligible for district competition, the contestant must have presented the speech to the local chapter. To be eligible for area competition, the contestant must have presented the speech to a school or community group and competed at the district level.
